Expected to End War.

Expected to End War.

Aggressive action by the Italian fleet along the lines suggested will, it is expected, end the Turco-Italian War, as well as put a stop to what the government says are false reports of Italian reverses emanating from Contantinople.

Dispatches from Tripoli indicate that a source of danger to the health of the troops and tribesmen has been found in the neglect of the bodies of many who fell in the last fight. The bodies of all victims within reach of the Italian encampments have been burned or buried, but many are exposed so far from the Italian points that they cannot be gathered without risking the lives of the soldiers engaged in the work. At Homs about 300 hodies remain unburied.

The experiments with aeroplanes have been so successful that others have been ordered to the front.

According to my experience, I do not consider there is anything to equal Dr. Kilmer's Swamp-Root for kidney affection. Twice'it relieved me when I was completely helpless.

The last time I was traveling in Texas when my kidneys became effected, and for ten days I suffered excruciating pain, accompanied with severe chills. Several wears previous, having been relieved of a similar attack, I naturally sought relief as before from Swamp-Root.

After using four of the large size bottles I was completely restored and went on my way rejoicing and praising Dr. Kilmer's Swamp-Root.

This was three years age, and I have had no indication of the return of the affliction.

Yours very truly.
